# CONDUCTING RISK ASSESSMENTS FOR CRITICAL COMMUNITY ASSETS MGT 315

## Course Overview:

Do you fully understand the risk to your facility and know what makes your facility susceptible to risk? Are you prepared to mitigate those risks? The Conducting Risk Assessments to Critical Community Assets course teaches the critical components of risk management and provides participants with the basic fundamentals of determining and mitigating risks associated with their critical infrastructure. Through a combination of lecture, facilitated discussion, and group activities, participants will learn how threats, vulnerabilities, and consequences determine risk and are given an opportunity to practice the fundamentals of conducting vulnerability assessments by conducting an on-site site-specific risk assessment of select local facilities. Additionally, they will identify potential mitigation measures associated with their findings and work together to develop and present a risk assessment report..

## Intended Audience:

Emergency response supervisors, managers, staff, and community leaders from the following disciplines/ functional areas are encouraged to attend this course:

- Emergency Communications      ▪Health Care/Public Health      ▪Police      ▪Fire
